We think it was a good interview.

Bob,

As you know, the DCI had an on-the-record interview with U.S. News & World Report last week. U.S. News & World Report has now submitted the transcript for review and any inaccuracies. I would appreciate you or some of your people looking at the answers, and particularly at some of the numbers he mentions to ensure that they are unclassified and that they don't contradict intelligence reporting.

We do have the option of correcting and changing; we do not have the option of rewriting. A response by COB today would be very much appreciated.

Thank you.
